12. Feigning, or exaggerating injury received due to prohibited techniques;
13. Exit from the competition area (JOGAI) not caused by the opponent.
14. JOGAI relates to a situation where a competitor's foot or feet are outside of the contest area. An exception is when the competitor is physically pushed or thrown from the area by the opponent. Also if a competitor's feet (both) are outside the contest area during a quick manoeuvre, after which he immediately returns or assume to return immediately to the contest area, the manoeuvre shall not be estimated as JOGAI. Warning must be extended for the third instance of JOGAI.
15. Avoiding combat as a means of preventing the opponent having the opportunity to score. "Avoiding Combat" refers to a situation where a competitor attempts to prevent the opponent having the opportunity to score by using time-wasting behaviour. This often occurs during the closing seconds of a bout, when a competitor, who earlier received the winning score, is trying to maintain the advantage. The competitor who constantly retreats without effective counter, make multiple attempts to deliver kick with deliberate fall (SUTEMI-WAZA), that yield no result, stops for putting clothes in order, or exits the area rather than allow the opponent an opportunity to score must be warned or penalized. However, stepping back and manoeuvring combined with counterattacks shall not be estimated as avoiding combat and shall not be warned or penalized.
16. Passivity – not attempting to engage in combat. Passivity refers to situations where one or both of the competitors do not attempt to exchange techniques over an extended period of time.
17. If the competitors, who won preceding bouts, demonstrate sluggish, passive combat during the bout, which contrasts sharply with the active combat they showed in previous bouts, the Referee can give oral warning (CHUI) to both of them or has the right to penalize both of them with CHUI-ICHI. If this does not help to change the character of combat, the referee has the right to stop the bout and, upon the consultation with the Referee Panel, to disqualify both competitors (SHIKKAKU).
18. When disqualification (SHIKKAKU) happens in the bout for the 1st place, then the 1st and 2nd places remain vacant. When disqualification (SHIKKAKU) happens in the fight for the 3rd place, then the 3rd and 4th places remain vacant.
19. Talking to, or goading the opponent, failing to obey the orders of the Referee, discourteous behaviour towards the refereeing officials, or other breaches of etiquette.

20. Any discourteous behaviour from a member of an official delegation can earn the disqualification of a competitor, the entire team, or delegation from the tournament.

9 ARTICLE 9: WARNINGS & PENALTIES

1. Referees and Judges are authorized to award penalties according to the "intent" or situation and in the best interest of the sport.
2. Should the Referee decide to penalize a competitor(s), he shall halt the bout, return the competitors to their starting positions and announce the penalty while pointing to the competitor(s) who committed the prohibited act.
3. Where both competitors infringe the rules at the same time, each should be awarded a penalty according to the degree of the infringement.
4. Prohibited acts shall be punished with oral warnings (CHUI), which are unofficial penalties meaning that they do not influence the decision of judges, and with official penalties, that is with official warning (CHUI-ICHI) and the penalty points (GENTEN ICHI, GENTEN NI, GENTEN SAN) in following order:
 - a. The first minor infraction shall be punished with the oral warning (CHUI),
 - b. The first serious infraction shall be punished with the official warning (CHUI-ICHI),
 - c. The second infraction shall be punished with the penalty point (GENTEN ICHI),
 - d. The third infraction shall be punished with the penalty point (GENTEN NI),
 - e. The fourth infraction shall be punished with the third penalty point (GENTEN SAN), and with the disqualification of the competitor (SHIKKAKU).
5. Especially dangerous and malicious infractions can be punished with the first penalty point (GENTEN ICHI) straight away, without giving first CHUI or CHUI-ICHI.
6. Penalties are not cumulative. Each penalty must be awarded at its own value. The awarding of any second or subsequent penalty automatically cancels an earlier penalty. Whenever a competitor has already been penalized, any succeeding penalties for that competitor must always be awarded at least in the next higher value than his existing penalty.
7. Whenever a referee awards a penalty, he should demonstrate with a simple action the reason for the penalty.
8. A penalty can be awarded after the announcement of "YAME!" for any prohibited act committed during the time allotted for the contest or, in some exceptional situations, for serious acts committed after the signal to end the contest, as long as the decision has not been given.

9.1 CHUI (Oral Warning)

1. CHUI is imposed to any competitor for the first instance of a minor infraction.
2. The right to impose CHUI belongs solely to the Referee, who does not need support by the Judges and does not need to count their votes.
3. CHUI can be imposed only once for one kind of infraction, but can be imposed again for other infractions.
4. If the Referee perceived an infraction and halted the bout, but was not supported by the Judges, or if three or four judges showed «HANSOKU!» («Infraction of rules!»), and the Referee stopped the bout, but reckoned the infraction to be minor and not deserving to be punished with CHUI-ICHI, the Referee may award the offender CHUI.
5. CHUI shall not be taken into account when the Judges make their decision on the result of the bout (HANTEI).

9.2 CHUI-ICHI

1. CHUI-ICHI is imposed to any competitor who has committed a serious infraction or having been penalized by a CHUI then commits a second minor infraction of the same kind.
1. CHUI-ICHI can be imposed only when supported at least by three Judges, including the Referee.
2. When imposing CHUI-ICHI (as well as GENTEN ICHI, GENTEN NI and GENTEN SAN) the Referee is obliged to count votes of the Judges.

9.3 GENTEN-ICHI

1. GENTEN ICHI is imposed to any competitor who, having been penalized by CHUI-ICHI, commits an infraction again.
2. GENTEN ICHI may also be imposed to any competitor who commits an especially serious infraction, regardless if he had been penalized by CHUI-ICHI earlier or not.

9.4 GENTEN-NI

1. GENTEN-NI is imposed to any competitor who, having been penalized by GENTEN-ICHI, commits an infraction again.

9.5 GENTEN-SAN

1. GENTEN-SAN is imposed to any competitor who, having been penalized by GENTEN-NI, commits an infraction again.
2. The imposing of GENTEN-SAN leads to the disqualification of the competitor (SHIKKAKU).

9.6 Disqualification (SHIKKAKU)

1. SHIKKAKU is a disqualification from the entire actual tournament with a possible suspension from competition for an additional time period.
2. A SHIKKAKU can be directly imposed, without warnings of any kind.
3. SHIKKAKU may be invoked:
 - a) When a competitor receives the third penalty point (GENTEN SAN);
 - b) When a competitor fails to obey the orders of the Referee,
 - c) When a competitor comes to the competition area for a bout more than 1 minute later than the time or does not come to it at all;
 - d) When use of doping was detected;
 - e) When a competitor acts maliciously, disrespectfully or commits an act which harms the prestige and honour of Kyokushin. This also includes the gestures like guts-pose (victory pose = throwing the hand or fist above) after the announcement of the victory or of awarding the WAZA-ARI, which shall be considered the breach of etiquette or demonstration of disrespect to the opponent;
 - f) When the coach or a non-combatant member of the competitor's delegation behave in such a way as to harm the prestige and honour of Kyokushin.
 - g) A public announcement of SHIKKAKU must be made.

10 ARTICLE 10: DEFAULT AND WITHDRAW (KIKEN)

1. KIKEN or forfeiture is the decision given, when a competitor or competitors fail to present themselves when called, are unable to continue, abandon the bout, or are withdrawn on the order of the Referee. The grounds for abandonment may include injury not ascribable to the opponent's actions.
2. The decision of KIKEN-GACHI shall be given to any competitor whose opponent does not appear for his contest. A competitor, who is not at his starting place after three (3) calls during a period of one (1) minute, will forfeit the contest.
3. In the event that a competitor, during the fight, loses his contact lens and cannot immediately recover it, informing the Referee that he cannot continue competing without the contact lens, after consultation with the Judges the Referee shall give the victory to his opponent by KIKEN-GACHI.
4. if upon medical examination, the Tournament Doctor decides that the competitor is not capable to continue fighting;
5. if any contingencies (a misfortune in the competitor's family and the like) occur immediately before the beginning of or during the competitions.

11 ARTICLE 11: INJURIES AND ACCIDENTS IN COMPETITION

1. Any competitor participates in Kyokushin competitions at his own risk. IFK or the Organizers of the competitions shall not be held responsible for any injury or illness, received by the competitor through the participation in the competitions.
2. When a competitor is injured, the Referee shall immediately halt the bout and, if needed, call the Tournament Doctor. The Referee shall call the Tournament Doctor when a competitor is injured and needs medical treatment by raising his hand and verbally call out "Doctor!". The Tournament Doctor is authorized to diagnose and treat injury only. When the Tournament Doctor declares the competitor unfit, the appropriate entry must be made on the competitor's monitoring card. The extent of injury must be made clear to Tatami Manager and scorers.
3. A competitor who is injured during a bout in progress through a prohibited act and requires medical treatment will be allowed three minutes in which to receive it. If treatment is not completed within the time allowed, the Referee, upon the consultation with the Tournament Doctor, will decide if the competitor is to be declared unfit to fight, or whether an extension of treatment time shall be given. If extension of treatment time is given, then the bout shall be resumed after the next three bouts. If there are less than three bouts, the time will be determined by the Tatami Manager. In either case, it shall be resumed from the time point fixed at the moment of stopping of the bout due to injury.
4. Where one competitor is unable to continue because of injury, where the cause of the injury is attributed to the injured competitor, he shall lose the contest. Where the cause of the injury is attributed to the uninjured competitor the uninjured competitor shall lose the contest.
5. An injured competitor who has been declared unfit to fight by the Tournament Doctor cannot fight again in that competition.
6. An injured competitor who wins a bout through disqualification due to injury is only allowed to fight on in the competition if declared fit by the tournament doctor after further examination.
1. Any competitor who is thought by the referee panel to be feigning or exaggerating an injury due to a prohibited act or technique in order to gain a penalty or disqualification of their opponent may himself be penalized or disqualified.
7. The Judges will decide the winner on the basis of HANSOKU, GENTEN or the content of the bout as the case may be.
8. If a competitor delivered a strike to his opponent after the Referee's order of YAME! (Stop!):
 - a) if the opponent was knocked down, suffers an injury, which became the reason for brief loss of consciousness by him, or receives an injury, which could influence further development of the bout, even if he stood to his feet, the offender shall be disqualified (SHIKKAKU);
 - b) If the opponent was knocked down, but did not lose consciousness, receives a light injury, or only temporarily lost his ability to move, the offender shall be awarded the penalty point (GENTEN ICHI);
 - c) If the opponent received a strike, but was not seriously injured, the offender shall be awarded the official warning (CHUI-ICHI);
 - d) In case the strike missed the target, the offender shall be awarded the oral warning (CHUI).

12 ARTICLE 12: CRITERIA FOR DECISION

1. The acts of a competitor in the competitive bouts (KUMITE) shall be in conformity with spirit and principals of real fight. The competitor must keep distance that allows him to defend himself from any attacks, including the attacks forbidden by the Rules and aimed to any vulnerable body areas.
2. In Kyokushin competitions etiquette must be rigorously observed. Therefore showing any disrespect towards opponents or any of the refereeing panel or officials shall A: not be allowed in the competition area, B: be penalised or C: result in a disqualification. It shall be forbidden to express exultation because of victory, or clamour because of decision of the Referee Panel in any manner, including taking guts-pose (victory pose).
3. The result of a bout is determined by a competitor obtaining IPPON (IPPON GACHI) or 2 WAZA-ARI in one time of the bout, which in sum give the clear victory (AWASETE IPPON GACHI), or at time-up, by the decision of the Referee Panel (HANTEI GACHI), or by disqualification imposed against a competitor (SHIKKAKU), or KIKEN, the refusal from the bout (FUSENSHO).
4. No individual bout can be declared a tie (HIKIWAKE) unless in a team event. But a tie can be declared after the base time of the main round, and the extension round, after the final extension round (ENCHO-SEN) the decision by the Referee Panel on the winner is obligatory.
5. If the bout winner is not determined by awarding the clear victory (IPPON GACHI), or due to the competitor's opponent disqualification (SHIKKAKU); or due to competitor's opponent refusal from the bout (KIKEN), then the decision will be made by a final vote of the 4 Judges and the Referee, each casting their vote. A decision (HANTEI) comes into effect, when supported by three or more votes.
6. The result of a bout is determined by a competitor obtaining a lead in points:
 - a. The competitor who has a lead of WAZA-ARI (the competitor, who has obtained both WAZA-ARI and GENTEN NI, in this case the content of the bout will be judged) shall be declared the winner;
 - b. If both competitors have equal scores (no WAZA-ARI or both have WAZA-ARI), (the competitor who has not obtained CHUI-ICHI will win the competitor who has obtained GENTEN ICHI; the competitor who has obtained CHUI-ICHI will win the competitor who has obtained GENTEN NI).
7. If after full time there are no scores, or scores are equal, the decision (HANTEI) will be made by a final vote of the four Judges and the Referee on the basis of the following additional criteria which are enumerated in order of their importance:
 - a. Damage to opponent: Damage shall be considered an effect of a strike that though is not equal in quality to a strike estimated for WAZA-ARI point, but is close to it.
 - b. The superiority of tactics and techniques displayed: The preference shall be given to the attacks, which are delivered clearly, reach a target, use correct hip and body motion; or to counterattacks, which are delivered upon evading the opponent's strike that fail to reach a target.
 - c. Attack activity: Attack activity shall appear in a greater number of strikes delivered and in the majority of the actions initiated. The preference shall be given to the competitor who initiated more attacks. Just moving forward not delivering strikes is not considered as an attack activity.
 - d. Attitude and fighting spirit.

8. The official warning (CHUI-ICHI) shall not be taken into account when the Judges deliver their decision (HANTEI) upon the expiry of the base time of a main round. But it may be taken into account when the Judges deliver their decision after the last extension round (ENCHO-SEN). However, independently of the CHUI-ICHI, preference shall be given to the competitor, who had an advantage during the bout.
9. If a tie is repeated in the extension round (SAI-SHI) elimination bouts,
 - a. In competitions in weight categories (male and female) the competitor lighter to their opponent in weight by the given amount for that category shall be declared the winner;
 - b. In competitions in open category the weigh-in shall be announced, and the competitor lighter to their opponent in weight by 10 kg or more shall be declared the winner. If the winner is not determined by the weigh-in, then both competitors will compete in a TAMESHIWARI test, the person who breaks the most boards shall be declared the winner.
 - c. If the winner is not determined by TAMESHIWARI test results, or by weight, then the final extension round (ENCHO-SEN) equal to 2 minutes shall be assigned with the obligation of the Referee Panel to determine the winner (no tie possible).

13 ARTICLE 13: TAMESHIWARI

Tameshiwari is used to decide the winner in the case where there is an insignificant weight difference, at a given point in the draw decided by the tournament committee.

1. In TAMESHIWARI the competitors are competing in breaking boards with three different strikes in the following sequence:
 - a. SHUTO (downward strike with the edge of the hand);
 - b. SEIKEN (downward strike with the fist);
 - c. HIJI (downward straight strike with the elbow).
 - d. Any of the above techniques may be removed by the Referee Committee or all performed by the last 16 or last 8 as a group, or during a bout to decide a winner, whichever the Tournament requires.
2. During a bout. If at the end of SAI-SHI a draw (HIKIWAKI) is given if there is insufficient weight difference (at a given point in the draw, decided by the tournament committee) each competitor will notify the referee in writing the number of boards they wish to attempt to break, but the number shall not be less than the minimum established by the IFK for their category.
 - (a) If both are successful (KANSUI) (all boards broken with a single blow and only with the prescribed technique). Breaking an equal amount of boards, a further final round is fought (ENCHO-SEN) where a decision must be made.
3. The minimum number of boards is:
 - (b) For men – minimum 2 boards in all of three breaking exercises;
 - (c) For women – 1 board for SEIKEN, and 2 boards for SHUTO, and HIJI.
4. If AKA for example was unsuccessful (SHIPPAI) and SHIRO was successful (KANSUI) SHIRO would be declared the winner.
5. Dry boards of suitable available material (approximately 30 x 21 cm size and thickness of 2.4 cm,) that meet IFK standards and have passed the control of the Referee Commission, shall be used.
6. TAMESHIWARI shall be held in the established place with a flat area, devoid of hazard on a hard surface, equipped with standard blocks of IFK approved type.
7. The blocks of 45 x 15.5 cm size and thickness of 12 cm shall be made of solid materials (concrete, wood etc.). Two blocks shall be prepared for each competitor.
8. For SEIKEN the blocks may be placed horizontally if required, the shortest edges up. For SHUTO and HIJI the blocks are placed vertically, the longest edges up. The lower board shall be placed with short edges on the upper inner edges of the blocks. All other boards shall be placed on the lower board without clearances. The edges of the boards shall be aligned.
9. The blocks cannot be shifted from the established place without permission of the Referee and then moved only by the referee.
10. When performing TAMESHIWARI, the competitors are completely forbidden to touch boards or blocks before the strike. But the competitors are allowed to ask the Judges during preparation for the breaking to shift blocks or to put a towel or a kerchief on the boards to prevent the hands injuries, to show boards and to change them if deemed necessary by the Tameshiwari official. The towel or the kerchief is to be prepared by the competitor and be examined by the Judge.
11. The Referee calls the name of breaking exercise (SEIKEN, SHUTO, HIJI), and the Judges start to prepare the number of boards nominated by the competitors in writing to the officials. When preparation is over, the Judge shall raise his right hand with fingers extended up to indicate the number of boards to the Referee.

12. Before each breaking exercise, when the Judges have prepared the boards, the Referee gives the orders of "KAMAETE!" ("Prepare yourselves!") and "HAJIME!" ("Start!").
13. After the order of "HAJIME!" ("Start!") by the Referee they shall be given one minute for the attempt. Upon the expiry of one minute, if the boards are not broken, the attempt shall be considered unsuccessful (SHIPPAI). If a competitor breaks the boards before the order of "HAJIME!" ("Start!") by the Referee, the attempt shall also be considered unsuccessful (SHIPPAI).
14. After the attempt, the referee shall require the competitors, who performed the breaking to return to the starting fight line for the official result,
15. The fighter who breaks the greater number of boards shall be declared the winner.

14 ARTICLE 14: OFFICIAL PROTEST

1. No one may protest about a judgment to the members of the Referee Panel.
2. If a Refereeing procedure appears to contravene the rules, the Coach, Manager or its official representative is the only one allowed to make a protest.
3. The protest may initially be a verbal request to the arbitrator then must take the form of a written report submitted immediately after the bout in which the protest was generated. The protest must give the names of the competitors, the Judges officiating, and the precise details of what is being protested. No general claims about overall standards will be accepted as a legitimate protest. The burden of proving the validity of the protest lies with the complainant.

The sole exception is when the protest concerns an administrative malfunction. In case of an administrative malfunction during a match in progress, the Coach can notify the Arbitrator directly. In turn, the Arbitrator will notify the Referee.

4. The protest must be submitted to a representative of the Appeals Jury. In due course the Appeals Jury will review the circumstances leading to the protested decision. Having considered all the facts available, they will produce a report, and shall be empowered to take such action as may be called for. The decision shall be taken by the Appeals Jury before the start of the next bout of the winner in which the protest was generated.
5. Any protest concerning application of the rules must be made in accordance with the complaints procedure defined by the IFK Executive Committee. It must be submitted in writing and signed by the official representative of the team or competitor(s). A protest raised after the tournament has closed may not be considered.
6. Ensuing matches or bouts will not be delayed, even if an official protest is being prepared. It is the responsibility of the Arbitrator, to ensure that the match has been conducted in accordance with the Rules of Competition.
7. Composition of the Appeals Panel:

The Appeals Jury in European or World events will ideally be comprised of three Senior Referee representatives appointed by the Referee Commission. No two members may be appointed from the same National Federation. The Referee Commission should also appoint three additional members with designated numbering from 1 to 3 that automatically will replace any of the originally appointed Appeals Jury members in a conflict of interest situation where the Appeals Jury member is of the same nationality or have a family relationship by blood or as an In-Law with any of the parties involved in the protested incident, including all members of the Referee Panel involved in the protested incident.

8. Appeals Evaluation Process:

It is the responsibility of the representative of the Appeals Jury receiving the protest to convene the Appeals Jury.

Once convened, the Appeals Jury will immediately make such inquiries and investigations, as they deem necessary to substantiate the merit of the protest,

including the study of the evidence submitted in support of the protest, videos and questioning of officials, in an effort to objectively examine the protest's validity.

Each of the three members is obliged to give his/her verdict as to the validity of the protest. Abstentions are not acceptable.

9. Declined Protests:

If a protest is found invalid, the Appeals Jury will appoint one of its members to verbally notify the protester that the protest has been declined, mark the original document with the word "DECLINED", and have it signed by each of the members of the Appeals Jury.

10. Accepted Protests:

If a protest is accepted, the Appeals Jury will liaise with the Organizing Commission and Referee Commission to take such measures as can be practically carried out to remedy the situation including the possibilities of:

- a. Reversing previous judgments that contravene the rules;
- b. Issuing a recommendation to the Referee Commission that involved Referees are evaluated for sanction.

All such measures will be taken to avoid a recurrence in future competitions.

The Appeals Jury will appoint one of its members who will verbally notify the protester that the protest has been accepted, mark the original document with the word "ACCEPTED", and have it signed by each of the members of the Appeals Jury, and in turn forward the protest document to the Secretary General.

11. Incident Report:

Subsequent to handling the incident in the above prescribed manner, the Appeals Jury will reconvene and elaborate a simple protest incident report, describing their findings and state their reason(s) for accepting or rejecting the protest. The report should be signed by all three members of the Appeals Jury and submitted to the Secretary General.

12. Power and Constraints:

The decision of the Appeals Jury is final, thus before the decision is made by the Appeals Jury, the Executive Committee must approve the decision.

The Appeals Jury may not impose sanctions or penalties. Their function is to pass judgment on the merit of the protest and instigate required actions from the Referee Commission and Organizing Commission to take remedial action to rectify any refereeing procedure found to contravene the rules.

 5. Suspending the bout -A choice of two systems may be used to operate tournaments:
 - a) Every time YAME is called the clock is stopped and Hajime the clock is started again.
 - b) Rolling clock system the clock is only stopped when asked for by the referee and when the time expires.

When faced with the following situations, the Referee will call "YAME!" ("Stop!") And halt the bout temporarily:

- a. When, in the opinion of the Referee, there has been a point scored or foul committed or the situation calls for halting the match for safety reasons.
 - b. When the Judges signal that a competitor has contravened the rules.
 - c. When either or both competitors are out of the contest area (JOGAI).
 - d. When one or both competitors fall or are thrown and no effective GEDAN-TSUKI is made.
 - e. When there is need to put the KARATE GI or protective equipment in order.
 - f. When requested to do so by the Arbitrator.

 8. When a competitor stops fighting due to the Corner Judges' whistles, but the Referee decides that there is no need to halt the bout, the Referee shall place his SHUTO in between the competitors and order "ZOKKO!" ("Continue fighting!"). Competitors shall not stop fighting until the Referee gives the order of "YAME!" ("Stop!") And they are to maintain ZANSHIN (the state of total concentration, observation, and awareness of the opponent's potentiality to attack), without dropping their guard. Then the Referee counts same decisions of other Judges.

When another decision (or other decisions) are indicated by another Judge (or other Judges), the Referee counts them in the same way starting from the right side.

When there are 3 votes of same sort, then the Referee shall start counting from the minor vote.

When all votes of the Judges are counted, the Referee announces his own decision (at this moment the Referee brings his right palm to his chest announcing "SHUSHIN") and finally announces the final decision (HANTEI) by majority of votes. However, if the Referee's vote belongs to the minority vote, then the Referee shall count himself before counting the majority votes.

When counting the Japanese numerals are used: "ICHI" ("One"), "NI" ("Two"), "SAN" ("Three"), "SHI" ("Four"), "GO" ("Five").

11. Stopping the timing (JIKAN KUDASAI)

- c) The Referee stops the timing (when using rolling clock),
 - 1) If a competitor falls unconscious or gets injured, and the Tournament Doctor is called for treatment;
 - 2) When there is need to put the KARATEGI or protective equipment in order;
 - 3) When requested to do so by the Arbitrator.
- d) When stopping timing using the rolling clock system Referee shall give the order of "JIKAN KUDASAI!" ("Please, stop timing!") And place a hand above the head, and touch its palm by the fingertips of the other hand at the right angle, making the letter "T".
